MAKE PLANS NOW TO JOIN YOUR FRIENDS...

“DEEP IN THE HEART OF TEXAS”

Presidents Message

Dazzling and diverse, San Antonio is a city where cutting-edge contemporary flows alongside historic missions and cobblestone walkways. It's a big Texan town with down-home appeal. At the city's core is The Riverwalk (Paseo del Rio) which offers two and a half miles of sidewalk cafes, lush landscaping, and chic boutiques. San Antonio embodies Texas' independent, maverick spirit—and there's no better place to feel this spirit than the city's historic areas. At the Alamo mission, see where early Texans led by Colonel William Travis, drew a line in the sand and declared their independence from Mexico. Fighting overwhelming odds, 189 volunteers made their 13 day fatal stand against 4000 Mexican troops - dying for liberty and Texas' Independence.

Getting around San Antonio is a breeze. The San Antonio International Airport is located approximately eight miles from downtown. Walking is the best way to get around downtown; there is also an easy-to-use trolley system, river cruisers, and river taxis. One of America's friendliest cities and now its 7th largest,

San Antonio truly captures the spirit of Texas. The ADA is holding its 149th Annual Session in San Antonio this October further confirming its popularity as a great meeting site.

Early November has been selected to avoid direct contact with other AAO Constituent meetings and holidays. It's one of the best times of year in Texas with temperatures in the 70's. The Southwest is trying a different schedule in 2009 with the hope that attendees will COME and STAY for the entire meeting. Typically, Biennials run from Sunday through Thursday. And unfortunately, many choose to leave on Wednesday to reduce time out of the office. Our meeting will start on a Thursday evening and run through Monday in order to capitalize on the weekend. We'll have a Bash at the Buckhorn Saloon on Monday night, with leisurely departures Tuesday morning. (West coasters could even work a ½ Tuesday, if they desired.) You are, of course, welcome to stay longer. Each of the speakers will spend countless hours preparing his/her presentation. So, please, make plans to stick around ... hearing every speaker and enjoying all social events. It's your chance to catch up with old friends and make some new ones too.

*Dr. Jimmy C. Boley,
President of the Angle Society.*

Dr. Jimmy Boley and Mrs. Sabrina Boley.

The scientific program promises to be outstanding, as always. Chairmen, Tucker Haltom and Ed Owens, have secured two orthodontic icons, Lysle Johnston and Bill Proffit, as special speakers to join the selected component presenters. These two respected statesmen will deliver quality evidence based messages that young affiliate members may not have had the opportunity to hear and that we old timers need to be reminded of often. So mark the calendar now ... Nov. 5-9, 2009. Si San Antonio! ■

ANGLE HERITAGE CAMPAIGN UPDATE

Thanks to the many Angle Society members and friends from around the world who have made a pledge to provide access to The Angle Orthodontist to anyone seeking orthodontic information, complimentary via our website. Our mission has been to:

Create an endowment that will provide a perpetual income stream that flows from the Angle Foundation to support the online publications of The Angle Orthodontist, maintenance of online archives, and related costs; thereby, further establishing the Angle Society's role in the support of excellence and leadership in orthodontics.

While we are very pleased to surpass the \$1 million dollar mark, we need to keep in mind that our overall goal is \$2 million, so we still have work to do. The generosity of our members is greatly appreciated, and our hope is that the pledges will continue. To date approximately 50% of our members have made a pledge to the campaign. We would certainly reach our goal of \$2 million with 100% participation! If you have not yet made a pledge, we ask that you consider doing so at this time. Also, if you have previously made a pledge and are in a position to increase it, we encourage you to do so.

There are many ways to contribute, and below are some new ideas. So, members, please consider one or more of the options available for your convenience, and keep in mind that **every bit helps!**

- **Cash Pledges** – Even small monthly increments will add up to big numbers! A small monthly check from office or home to the Angle Heritage Campaign is quite painless, but will get us to our goal quickly.
- **Orthodontic Case Pledge** - Explaining to even one patient who wishes to pay in full that their fee can be fully deductible by supporting a great orthodontic cause is a big winner among patients. They are delighted, and it is a win/win for both orthodontist and patient. Just ask the patient to write their tax deductible treatment fee to the Angle Heritage Campaign.
- **Estate Pledges** – You may wish to provide a codicil to your Will, pledging a given amount to the Angle Foundation, in care of the Angle Heritage Campaign. To provide immediate help for the Campaign, you may also wish to send an annual interest amount of 5% of your pledge (or whatever percentage you feel appropriate) to the Foundation. Such a gift would be greatly appreciated!

- **Grateful Patient Pledges** – On occasion, we all treat certain patients for a reduced fee or no fee (dentists' children, friends etc). These patients frequently wish to gift us back in some way. Suggesting a tax free donation to the Angle Heritage Campaign for even a small amount is very well received.
- **Honorarium Donations** – Angle members speak at Angle Component meetings all the time, and often do this for no honorarium or a very minimal honorarium. Asking the Component to send a donation on your behalf is a great way to pledge. These types of donations have added up to more than \$15,000.00 so far! Please consider this excellent method within your Component.

Please feel free to contact your Component Chairperson for additional information on the Campaign, including pledge cards. You may also send your pledges directly to Dr. Phil Campbell at E.H. Angle Education and Research Foundation, Dept. of Orthodontics, Baylor College of Dentistry, 3302 Gaston Ave., Dallas, TX 75246, or contact Laura at Dr. Rick McLaughlin's office at (619) 225-1611 or ljpbaces@aol.com if you have any questions or to make a pledge by phone or e-mail.

Below are the current pledges and Campaign Chairpersons for each Component:

<u>Component</u>	<u>Pledges</u>	<u>Component Campaign Chairpersons:</u>
East Total:	\$129,610.00	Dr. Leena Peck

COMPONENT NEWS

ANGLE EAST

Officers:

President	Michael Cognata
President Elect	Donald Taylor
Vice President	James Fasy
Secretary/Treasurer	Hugh Phillis
Assistant Sec./Treas.	Kolman Apt
Editor	Carla Evans
Historian	Sheldon Peck
Director	Nicholas Barone

Future Meeting:

March 27-29, 2009
Viking Hotel, Newport, RI

News:

Angle East is looking forward to another great meeting next year. Under the leadership of President Michael Cognata, he has arranged marvelous accommodations at the Hotel Viking in Newport at remarkably reasonable rates. The hotel is a member of Historic Hotels of America and recently underwent a \$6.2 million dollar renovation. The hotel is atop Newport's Historic Hill district and features 209 guest rooms, a spa and fine dining at their restaurant, One Bellevue. It is a convenient location with easy access to the harbor, waterfront, Newport Tennis Hall of Fame and tours of the grand mansions of Newport.

The Scientific program, under the direction of President Elect Don Taylor, will feature the usual 14 or so scientific papers and

clinical case presentations from the Affiliate members. The social program under the guidance of James Fasy who is a native to the area is certain to take advantage of all the unique opportunities that Newport has to offer.

President Michael Cognata and his wife Corine

This year we welcomed 4 new Affiliate members who attended our March 2008 meeting as Guests. Ute Schneider-Moser, Jean-Marc Retrouvey and Carl Roy will begin their Clinical Affiliate years and Peter Ngan will enter as an Academic Affiliate member. We look forward to their contributions. We also will be officially conferring Regular membership status to three new members who have completed their requirements – Yves Bolender, Anne Todd and Robert Garcia. Congratulations!

As Secretary/Treasurer for the component, I have a chance to view the make up of our membership in some unique ways. For example, this past year our membership data revealed the following:

- We are international to the tune of 17% of our members: 6 - Canadians, 2 - French, 2 - Italians, 1 - Dane, 2 - Finns, 1 - Japanese, 1 - Korean
- Our earliest year of entry listed for our Senior Retired members is 1963 – 45 years of Angle!!! Of course 5 other Senior

Dr. Don Taylor and Mrs. Leigh Taylor

Retired members don't even have (or can't remember) a year of entry.

- We have 4 – David's, 3 – Donald's, 2 – Howard's, 3 – James', 2 – John's (including Jean Marc), 2 – Joseph's, 5 – Michael's (including Michel), 2 – Paul's, 4 – Robert's, 2 – Thomas', 2 – William's and 57 other unique names.
- Angle East Membership for 2007-8 stood at 88 members; 26 – Senior Retired, 1- Academic Affiliate, 2- Academic Affiliates at Large, 3- Clinical Affiliates, 2 – Clinical Affiliates at Large, 34 Regular Members, 6 Regular Members at Large, 9- Senior Active
- For this year, we will have three academic affiliates and five clinical affiliates in the 'pipeline' to Regular membership.

Dr. Ray George and Mrs. Sonjia George

Obviously, I don't have enough to do if I can provide this type of report, so give me some real work, contact me and plan to attend our meeting. More information and registration forms will be forthcoming on our web site, www.angleeast.org. All Angle Society members are welcome.

Members News:

Long time Angle East member from East Providence, Rhode Island, Raymond George, Sr. was installed as the President of the American Association of Orthodontists at their Annual Session in Denver in May, 2008. We wish him well on his year as President.

Assisting Ray with his Annual Session in Boston in 2009, Angle East members Leslie Will and Tony Gianelly will serve as Scientific Program Co-Chairs. Be prepared for an outstanding program.

Angle East member and former EHASO President, Dave Mutsch, will also be recognized at the Annual Session in Boston by receiving the AAO James Brophy Distinguished Service Award. Obviously David is exceptional in serving the AAO as well as EHASO. ■

Your Angle Society Membership Dues

Angle Society dues are billed separately for your national and component memberships.

Your national dues are sent directly to the Central Office in Lawrence Kansas and include payment for your Angle Orthodontist journal subscription. The national office sends you a bill for this payment in the Fall of each year. Questions regarding national dues can be directed to Joyce Lancaster, PO Box 1897, 810 E. 10th Street, Lawrence, KS 66044-8897. (785) 843-1235 ext. 250; (785) 843-6153, fax.

Component dues are separate and are billed individually by each component's office. The amount of dues charged by each component is determined within each component. These dues and questions about them should be sent to your component's treasurer.

ANGLE MIDWEST

Officers

President	Rusty Long
Past President	John Conover
President Elect	Ron Snyder
Vice President	Steven Harrison
Secretary treasurer	Randy Wright
Admissions Committee Chair	Tim Truelove
Study Committee Chair	Richard Kulbersh
Component Representative	Valmy Kulbersh

Future meeting:

January 16-21, 2009: Hyatt Regency Coconut Point Resort and Spa, Bonita Springs, Florida

News:

A wonderful meeting is in the works for the annual session of the Angle Midwest. Five of our affiliate members: Sergio Cardiel, Robert Smith, James Hartfield, Baron Whatley and Lew Sample will be presenting their research papers in partial fulfillment of the requirements for regular membership. Glen Cowan, program chair, has assured that this meeting will be another successful one due to the quality of the scientific and social programs

Obituary

Dr. Robert R. McGonagle died on Mach 11th, 2008.

He will be missed by many, especially his friends from the Angle Midwest with whom he shared scientific dialogues mixed with a unique sense of humor.

For more information regarding the Angle Midwest, visit our web page at [www. anglemidwest.org](http://www.anglemidwest.org) ■

ANGLE NORTH ATLANTIC

Officers:

President:	Steven Lindauer
Vice President:	Bhavna Shroff
Secretary/Treasurer:	Len Rothenberg
Program Chair:	Harry Legan
Editor:	Dianne Rekow
Past President:	Ravindra Nanda
Director to the Central Body:	Timothy Wheeler

Future Meeting:

March 25-28, 2009
The Jefferson Hotel, Richmond, VA

March 24-27, 2010
The Harbor Court Hotel, Baltimore, MD

News:

Angle North Atlantic had a very successful meeting in March 2008 in Atlanta, GA and the group is already actively preparing for the 2009 meeting in Richmond, VA. We are expecting a very good attendance as the Richmond area is the cradle of American History and our current president, Dr. Lindauer is planning an exciting scientific and social meeting with the help of Drs. Legan, Rekow, Rothenberg and Shroff.

Angle North Atlantic would like to congratulate the following individuals for recent their achievements:

Dr. Eladio DeLeon Jr was appointed Director to the American Board of Orthodontist as a representative from the Southern Association of Orthodontists. He is currently the Goldstein Chair and Program Director of the department of Orthodontics at the Medical College of Georgia. He will become President of the American Board of Orthodontic in May 2015.

Dr. Dianne Rekow, editor of the North Atlantic Component, has been appointed New York University's Senior Vice Provost for Engineering and Technology. In that position, she is responsible for building collaborative research teams integrating engineering and technology with basic sciences and policy experts, transitioning Polytechnic University into a college of NYU, and designing and implementing an engineering curriculum in NYU's new campus being built in Abu Dhabi. Dianne has been at NYU since 2002 and retains her rank as professor of orthodontics. Previously, she was chair of the Department of Orthodontics at the University of Medicine and Dentistry of New Jersey for 8 years and a member of the orthodontic faculties at the University of Maryland at Baltimore and at the University of Minnesota. Trained first as an engineer, Dianne spent 11 years in industry before receiving her dental training. She earned a BS in physics and mathematics, BS and MS in mechanical engineering, DDS, orthodontic certificate, and PhD in biomedical engineering from the University of Minnesota as well as an MBA from the College of St. Thomas. Dianne has been active in numerous professional activities, most recently including the presidency of the American Association for Dental Research.

Dr. Bhavna Shroff was awarded a Masters of Public Administration from the Douglas Wilder School of Government Affairs and Public Administration at the Virginia Commonwealth University on August 16, 2008 and she plans to continue to focus her attention and develop her expertise in the field of health care policy as a member of the Dental Advisory Committee to the Medicaid program in Virginia.

The component looks forward to next year's component meeting March 25-28, 2009 in Richmond, the September 2009 biennial meeting in San Antonio, our 2010 component meeting in Baltimore, and our 2011 component-sponsored biennial meeting in Charleston.

As a reminder, your officers are available to you to help with identifying and integrating new members, mentoring affiliate members' presentations, or any questions you have. ■

ANGLE NORTHWEST

Officers

President	Michael W. Sheets
President Elect	Roy M. Gunsolus
Secretary/Treasurer	J. Iain M. Allan
Director to the Central Body	Dale V. Rhoney
Immediate Past President	Robin S. Jackson

Future Meeting:

February 6-7, 2009:

Fairmount Olympic Hotel, Seattle, WA

News

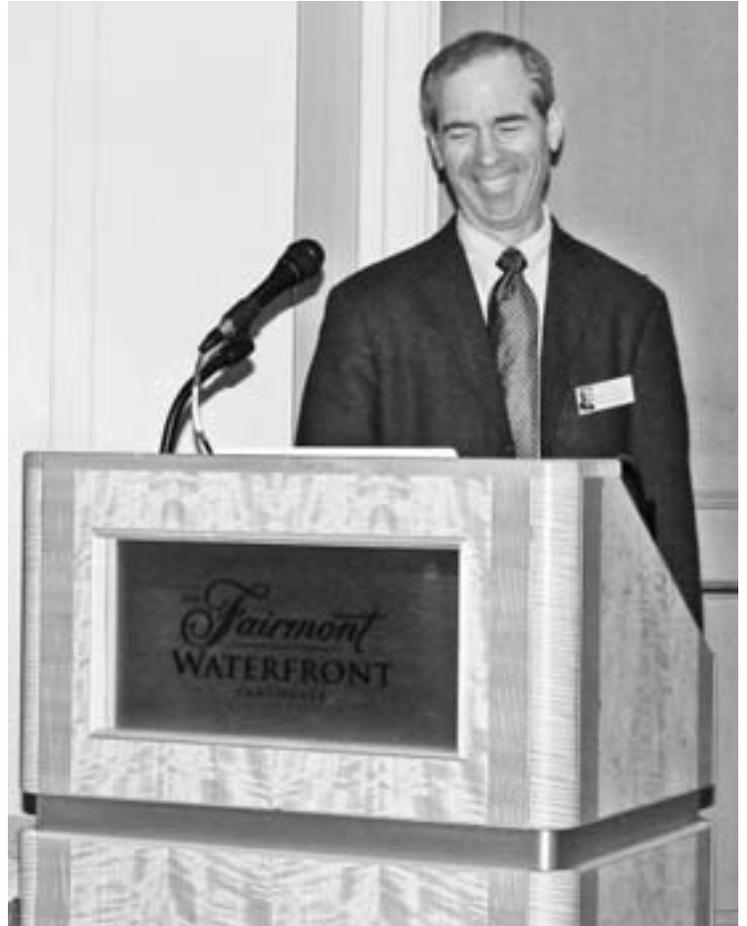

This June saw the Angle Northwest component meet in Seattle for their traditional one day scientific session at the prestigious Fair-

Kutapira

Outgoing President Dr. Robin Jackson receiving his plaque from our new President Dr. Michael Sheets

Dr. David Covell at the podium

Drs. Dale Rooney and Roger Wooley with Chris Wooley and Jacquie Litchfield

Dr. Michael Sheets and Dr. Peter Shapiro

mont Olympic Hotel on June 5th 2008. Our summer meetings occasionally present conflicts, but despite this Member attendance was excellent. Dr. Brian Hartman from Alaska was welcomed as our guest for this meeting as a prelude to becoming our newest Affiliate member.

The meeting agenda was as varied and cogent as ever with our first speaker being Dr. John Kalange. John gave an excellent case presentation as the final step in completing his requirements for full membership. He included in his presentation a particularly interesting focus on the management of decalcification and treatment of "White Spot" lesions, bringing us all up to date with the

latest developments in dealing with this most avoidable and distressing side effect of fixed appliance therapy.

This was followed by a tripartite presentation with two of our own members, Dr. Don Joondeph and Dr. Terry Wallen talking from the orthodontic viewpoint, and Dr. Dale Bloomquist giving the surgeons' perspective. Their subject was "The Orthodontists' role in maximizing facial esthetics" and they offered many insights into the specifics of ideal orthodontic presurgical preparation based on their own experience and relevant literature to make their point. It was particularly interesting to hear the surgeons' premises, with their management of lip and nasal esthetics amongst other per-

Dr. Francine Lo and friends reviewing cases

Dr. Rich Litchfield with Dr. Gene and Mrs. Cleo Supergnaw

Dr. John Lalange with his clinical cases

Barbara Gunsolus, David Kennedy, and Roy Gunsolus

Dr. David Covell being initiated as a full member

spectives, from diagnostic decisions through orthodontic preparation and actual surgical procedures performed.

The afternoon session was a rare opportunity to hear the conclusions of a clinician who has practiced in the area of TMD for the past 30 years. Dr. Jim Howard gave a compelling presentation

Dr. Hugh and Mrs. Marcia Lamont

based on his experience in the field, and the preliminary results of his extensive clinical research on etiology and effective treatment modalities. His wealth of knowledge and appealing sense of humor coupled with some excellent clinical advice for orthodontic clinicians made for a most informative and entertaining afternoon, much appreciated by the membership. ■

Future Meeting:

November 7, 2008
Valley Hunt Club in Pasadena

On November 7, at the Valley Hunt Club in Pasadena we will have our annual half-day meeting with our own local members making short presentations on clinical as well as practical, administrative subjects that effect us everyday in our offices. We also are planning to have updates from our 3 outstanding, local orthodontic de-

partments: Loma Linda University; University of California at Los Angeles; University of Southern California. Lunch will be served after the program.

News:

Spring Meeting

Our 3-day meeting will be held in Universal City, CA on March 20-22. The morning of the first day, all members and those set to become affiliate and regular members will present cases with plaster for judging. Last years winners will decide: 1) the best finish 2) most difficult 3) most unusual case. Those showing for affiliate and regular membership, 5 and 10 cases respectively, will be evaluated by several members selected by the board. After a hosted lunch, the afternoon will have oral case presentations, some completing requirements for membership. The 2nd day, Saturday, will feature Dr. Peter Ngan, Chairperson from University of West Virginia. Dr. Ngan has dual specialties in both Pediatric Dentistry as well as Orthodontics from the University of Pennsylvania. Dr. Ngan is well known for his classic lecture: Early Treatment of Class III malocclusion: is it worth the burden.

The last day we will have more in-house presentations from the membership, adjourning at noon. ■

ANGLE SOUTHWEST

Future Meetings:

March 5-7, 2009

The Hilton at Southlake Town Square - Dallas, Texas

The next meeting of the Southwest Component will be in Dallas, Texas at the Southlake Town Square. The members of the component enjoyed this location so much in 2008 that they voted to have the 2009 meeting in the same place.

Springtime in Texas will be enjoyed by all....

Mark your calendar to attend this meeting.

Please consider joining you colleagues in the Southwest component to share in friendship and education. Information available at: www.anglesouthwest.org

News

Dr. Seuss Kassisieh and his wife Adeline are happy to announce the birth of their second son, Joseph Theodore. Seuss and Adeline now have two children.

Seuss has been teaching part-time at the Arizona School of Oral Health in the Post Graduate Orthodontic Dept. since the pro-

gram began, 14 months ago. There are 8 residents in the program. Dr. Kassisieh says, "Teaching has been rewarding and challenging. I have a greater appreciation for all teachers, instructor, and educators."

Dr. J. Moody Alexander and his wife Emily have recently adopted a beautiful baby boy, Abe, from Ethiopia. Following a 16 month process for an international adoption, the Alexander family went to Ethiopia to receive their precious new family member. Moody and Emily now have 5 children.

Dr. R. G. "Wick" Alexander has recently been licensed by the University of the State of New York Education Department to practice dentistry in the state of New York. Wick is a Clinical Professor at New York University and makes 3-4 trips each year to lecture and see patients at NYU. ■

A new publication from The Angle Society
 The World of Edward Hartley Angle, MD, DDS: His Letters, Accounts and Patents
 Compiled and edited by Sheldon Peck
 Published by The E. H. Angle Education and Research Foundation

2007, ISBN: 978-0-9779524-0-3

About this monumental sourcebook on the beginnings of modern orthodontics...

This is a 4-volume limited-edition hardcover book set of over 3400 pages. Dr. Angle's correspondence and business accounts from 1899 to 1910, among his most creative years, are included. In addition, all of his patents—45 USA patents and 1 Canadian patent—from 1889 to 1934 (posthumous) are reproduced. These historic materials were preserved by Dr. Anna Hopkins Angle and are now part of the archives of The Angle Society. Typed and handwritten documents have been retyped for legibility and arranged chronologically. In addition, the volumes feature chapters on Angle's life, students, and complete bibliographies of works by and about Angle, as well as 2 comprehensive indexes, by letter recipient and by subject matter.

The book set is published on a non-profit basis by The Angle Society for reference libraries, educational/research institutions and individuals. The 4-volume set is priced at US \$2000, plus shipping, payable by US check, MasterCard or VISA.

Purchase copies of this valuable one-of-a-kind educational resource for the libraries of your orthodontic department and dental school. What wonderful tax-deductible gifts that would make!

Angle Orthodontist Gift Subscriptions

Angle members automatically receive *The Angle Orthodontist*. But many other clinicians seldom see our journal. If you have a friend or study club member who falls into this category, why not consider giving him or her a gift subscription to *The Angle Orthodontist*? Your action will benefit your friend, and will help support one of the finest journals in dentistry! A one-year subscription is just \$145, and a two-year subscription is \$275. Rates are slightly higher for subscribers outside the US and for institutions.

To give a gift subscription, write to:
