## ***“Defining the New Normal in Healthcare”***

*Innovations in Surgery and Interventional Medicine* (ISIM) is seeking manuscripts about changes in surgery and interventional medicine driven by the COVID-19 pandemic.

### **Topics for Consideration Include:**

- Transformation projects in interventional medicine and surgery that are sustainable beyond the pandemic
- New (novel) interventions or procedures introduced by the pandemic and likely to stay
- Process reengineering of workflow and policy and procedures
- Use of robotics or virtual technology in management of patients
- Innovative procedures and policies driven by the pandemic

**For more information and to submit your article, go to [ISIMJournal.org](http://ISIMJournal.org)**

### **About the Journal**

ISIM seeks contributions from authors around the world, covering all types of disease, in the form of original research, reviews, technical notes, case reports, images and more. The Journal aims to serve as a platform for timely dissemination of the latest innovations in the field of surgery and interventional therapies.
