## Direct Gold Continuing Education Course

For the third year, the course co-sponsored by the two Academies was held June 16-19. The first year was done at Northwestern and the past two sessions have been conducted at Indiana University. Indiana was selected as being somewhat centrally located and having the facilities and faculty to conveniently handle such a course.

This year, in addition to a basic course, an advanced course was presented by Lloyd Baum and Mel Lund. Ron Harris and Mike Cochran covered the basic technique course. Both courses included lectures, lab exercises and clinical operations-3-5 for each participant.

The enrollees in the Advanced course were Ed Ambis (New York), Gian Carlo Gallo (Italy), Frank Rastigue (Michigan) and Tim Toepke (Illinois). Those taking the Basic course were: Jan Drews (Germany), Keven Frazier (Florida), Bill Gagnon (Massachusetts), Carolyn Palmer (Tennessee), Victoria Post (North Carolina), Tom Ryan (Ohio) and a Milton Skeeters (Kentucky).

Comments from all participants have been favorable. It is intended at this point to repeat the course again next June. Those interested can contact Ron Harris, 1121 W. Michigan Street, Indianapolis, Indiana 46202.
