Supplemental Figure 1.

Engagement activity. A curve showing engagement activity from the end of March until the end of July, with a major peak at the beginning of April, with the widespread of social distancing rules. There are 4 main engagement peaks identified: 04/05/20 (133 tweets), 06/21/20 (79 tweets), 04/26/20 (71 tweets), and 05/31/20 (61 tweets).
